Your byronviewfarm Wedding

With 360 degree views overlooking Byron Bay and the hinterland,
byronviewfarm is the perfect destination to create your dream wedding.

About byronviewfarm

Boasting the BEST outlook in Byron Bay, byronviewfarm sits at the highest point on a secluded hilltop with 360 degree uninterrupted ocean to mountain views. It's a unique venue that offers the country and coastal experience all in one.

Set on 40 acres of lush green rolling hills, byronviewfarm's iconic setting lends itself to compliment any style preference. An original, charming white cottage creates the central focus. Its spacious wrap-around verandah is a perfect setting to host cocktails, canapés and intimate dinners for up to 80 guests. If your guest list is larger, there's plenty of room for a luxurious tipi, Sperry Tent or clear marquee where you can enjoy dining under the stars. The cottage also doubles as self-contained accommodation which is the perfect love nest for newlyweds.

Our favourite feature; the sunsets! They are truly EPIC! Your guests will marvel at how extraordinary they are. In the afternoon, the light shifts to reveal lush green rolling hills that ease into the ocean. And as the sun drops, it creates the most beautiful golden hues. Something even more spectacular is experiencing a full moon. If you can tie your wedding date in with the Lunar calendar, you're set for a very magical experience as the moon rises up over the ocean.

Your Ceremony

At byronviewfarm there are a number of picturesque ceremony locations, the most popular one overlooking the east with Byron Bay and the sea in the distance. The bride typically will spend the morning relaxing and being pampered inside the cottage in the company of her bridal party and hair and make-up artists. A short walk from the multiple ceremony locations onsite, the cottage makes for an elegant entrance to the ceremony as the bride makes her way down the aisle. The location of the ceremony can be changed the week of the wedding to account for weather in order for the couple to make the most out of their special day.

Overlooking Byron Bay

Overlooking Byron Bay framed by an old rock wall and wooden farm fences, this ceremony location looks east, over rolling green hills to Cape Byron and the Lighthouse in the background.

On The Western

Overlooking the Great Dividing Range, this option offers the perfect back light for your photographer. Guests are seated on the flat western lawn that overlooks pastures of green rolling hills all the way to the horizon.

On The Verandah

The perfect wet weather option or Plan B. The verandah of the cottage is transformed into your ceremony space, with floor to ceiling plastic awnings where none of the view is restricted.

Catering your Wedding

We have teamed up with the region's best two caterers to offer you the most amazing selection of menus and food. Fig Tree and Feast Events pride themselves on amazing food and exceptional service with handmade cocktails and diligently prepared dishes to excite and satisfy your guests. Much of the produce is sourced from their own vegetable garden and orchard, with the rest of the produce coming from local farmers and the ocean that surrounds Byron Bay.

Each wedding couple is invited to the Fig Tree Restaurant for a personalised complimentary menu tasting. Che, Head Chef and owner of Fig Tree and Feast Events ensures that the food and service will be one of the highlights of your wedding celebration.

Two completely different styles of menus have been created for you to enjoy.
